Until We Meet Again

We thought of you today, but that's nothing new.

We thought about you yesterday, and the day before that too.

We think of you in our silence time, and often speak your name.

All we have are memories and your picture in a frame.

God has you in his loving arms, and we will keep you in our hearts

If Roses Grow In Heaven

If roses grow in heaven, lord please pick bunch for me

Places them in our aunties arms and tell her they are from us.

Tell her that we love and miss her, and when she turns to smile. Place a kiss on her cheek and hold it there for a while.

Because remembering her is easy we do it every day, but there is an ache within our hearts that will never go away.

Mavis Children

You can shed a tear that she is gone, or you can smile because she has lived

You can close your eyes and pray that she will come back, or you can close

your eyes and see all that she has left Your heart can be empty because

you can't see her, or you can be full of love that she shared You can

turn your back on tomorrow and live in yesterday, or you can be

happy because of yesterday You can remember her and only

that she is gone, or you can cherish her memory and

let it live on You can cry and close your mind be

empty and turn away, or you can do what she

would want Smile, open your eyes

and love and go on
